HOWELL & NEWTON
INCORPORATED

AID FOR THE COLLEGE

\$10,000 A YEAR TO BE AVAILABLE
FOR NEW EQUIPMENT.

MAY BUILD DORMITORIES

If Deficiency is Caused Governor Will
Reimburse.

(From The Battalion.)

Austin, Texas, October 6.—President Miller of the Agricultural and Mechanical College was here today to consult with the governor in the matter of funds for additional equipment and dining room space, the attendance at that institution exceeding by more than 100 that of any previous year. Colonel Miller was advised by the governor to use the revenue from the permanent Agricultural and Mechanical fund to procure the needed equipment and buildings. This revenue, amounting to something like \$10,000 per year, has heretofore been used to supplement the appropriation for maintenance. Should its diversion to the above indicated purpose create a deficiency in the maintenance appropriation the governor will allow a deficiency to cover it. In this connection it is of importance to note that the governor holds that the Agricultural and Mechanical college may reimburse out of the general revenue from its permanent fund that has heretofore been applied to maintenance purposes. The aggregate of this revenue which has for years past been taken to supplement maintenance appropriations is large, and if it should be returned by the legislature as the governor suggests the college would have a nice sum with which to construct the much needed new buildings. Its yearly increasing attendance and importance calls for.

TWO GAMES NEXT WEEK.

L. S. U. and Haskell Indians Both to
Entertain the Cadets.

On next Thursday and Saturday A. and M. will meet two of the strongest teams that will enter the state this year. The Louisiana State University, who play the first game, has a very strong team. Last year this team defeated A. and M. and A. and M. is going in for revenge proper.

The Haskell Indians, who play the second game, have never been defeated in Texas but one season—that being administered by A. and M. season before last.

This will be another game in which A. and M. will fight hard for victory.

By Thursday under the leadership of Coach Moran A. and M.'s team will be in fine shape and the two games promise to be "corkers."

TAFT BACKS UP SECRETARY KNOX

Resignation of Minister Designate
Crane is Accepted.

Special to the Eagle.

Washington, Oct. 15.—All doubt as to the action of President Taft would take with respect to the resignation of Charles Crane as minister designate to China, was dispelled by the receipt yesterday morning of a dispatch from President Taft, addressed to his secretary, Carpenter, directing him to convey to Crane the announcement of the fact that his resignation had been accepted. The telegram was dated Prescott, Ariz., October 13, and reads as follows:

"Convey to Mr. Crane the following communication:

"I concur in the letter under date of October 12, which the secretary of state addressed to you and I greatly regret the circumstances found to exist by him make it necessary for me to accept your resignation.

"(Signed.) Taft."

LYCEUM ATTRACTION.

(From The Battalion.)

The lyceum course under the management of the Long Horn Staff will be opened tomorrow by Captain Richard Pearson Hobson. Captain Hobson was one of the brilliant lights of the American navy. His voluntary act at Santiago, which carried him within sight of the enemy's guns, showed a patriotism and a bravery that should command the admiration of every American citizen. He is an orator and a thinker and a mature student of international affairs.

The Lyceum attractions each session are a feature of life at the A. and M. College. The numbers are selected with great care by the members of the Long Horn staff in conference with Dr. C. P. Fountain of the faculty, and under no circumstances are attractions of a mediocre character booked. For the present session there will be eight numbers, and it is a duty every student and every official of the College owes to the institution to assist this department which is of so much importance.

Season tickets are sold at \$2.00, which includes the eight attractions and a very reasonable rate of \$5.00 is made for family tickets for those living on the campus. Some of these attractions are of dollar value and none of them is ever given for less than 50 cents.

KEY WEST IS IN DISTRESS

MAYOR ISSUES AN URGENT AP-
PEAL FOR HELP FROM
OUTSIDE.

LOSS IS ENORMOUS

Property Destruction not Only Huge
but Full Returns Show Blow
Claimed Human Lives.

Special to the Eagle.

Key West, Oct. 15.—Immediate assistance from the outside world is necessary to carry on the work of cleaning up the city and caring for the victims of the hurricane which left more than half of Key West in total ruins last Monday.

This statement yesterday was made by Mayor Fogarty, in announcing that the city was forced to suspend work owing to lack of funds. Great distress and suffering are already reported among the employees of the large tobacco factory, which suffered heavily by the storm. Hundreds are on the point of starvation, it is declared. Today the only work in progress is being carried on by private corporations and large shipping interests.

Many streets have been left impassable, filled with wreckage of houses and uprooted trees.

Sewers are broken and clogged throughout the town and unless they can repair them shortly it is feared an epidemic of sickness will result.

TROPHY SERGEANT ELECTED.

Kiebler Trigg, the Kentucky Man, Now
a Member of the Staff.

Last Sunday evening there was a meeting of the old boys in "C" company for the purpose of electing a trophy sergeant. The trophy sergeant carries the Howell flag, which is given to the care of the best drilled company for one year. The best drilled company is decided at commencement and the following fall the trophy sergeant is elected from the junior privates of that company.

Two very popular juniors in the company were nominated, Perry McGhee and Kiebler Trigg. The vote was taken by secret ballot. When the votes were counted, the result was eighteen to sixteen in favor of "Lanky" Trigg.

The difference in votes shows how close the race was. It was a hard matter to decide between the two, as they are both good men and are very popular in the company as well as elsewhere.

Kiebler is a Junior "Bag". He is a long, tall guy with sandy hair and is one that will never be forgotten after you once meet him. He is as jolly as he is long and a person can't be with him any time without hearing some ludicrous remark. He is an all round good fellow and well deserves this position.

WHY NOT FOOTBALL.

During the summer months quite a lot of amusement and pleasure was had from the rivalry of the numerous baseball clubs of the city. These teams were composed of members of the different clubs of the city, namely: the Elks, Owls and the Bryan Athletic Club. There is a lot of good material in these clubs for football teams and there is no reason why the people of Bryan would not see some first class football games between the different teams. Get together, boys, and let's have some rattling good games within our own city gates.

BISHOP WARD FUND.

THE NEW OFFICERS.

Quite a Bit of Strapping Indulged in
Except in Company C.

(From The Battalion.)

Every year there is always a list of new appointments made to take the place of those officers that fail to come back. This year there was a larger list on account of more officers being needed, which was due to the large enrollment. The following was the list of appointments, for sergeants: Cretcher J. C., Bush T. T., Shaw J. B., Fries J., Wellborn G. M., Clark S. W., Williamson H. H., Corlett R. H., Maris C. E., Palmer H. B., Davis D. O., Lee D., and Cox H. T. For corporals, Washington W. C., Imboden D. C., Lander O. M., Martin S. P., Eppler H. G., Hunnatt J., Bean O., Ragsdale T. M., Fischer H. H., Smith R. L., Wheat J. J., McMillan F. N., Griffin W. R., Cocks J. J., Smoot J. H., Routh J. T., Miller J. D., Curtin W. H., Butler J. N., Bowers H. T., Gillaspie S., Hall W. A., Dalgren C. E., and Walker P. W.

Shortly after supper on the night this was read out a meeting of the old boys in "C" company was called to order. The purpose of the meeting was to discuss what kind of an initiation was to be given the new officers of that company. Heretofore it has been the custom to indulge in a rather promiscuous distribution of belt leather to newly elected officers but this time they were given their choice of a "reception" to the old boys or a strapping. The new officers voted unanimously to furnish the reception. Thus it was that "C" company went "wet."

The reception was pulled off Saturday night about 9:30 o'clock in the company's "reception hall," and it was no six course luncheon affair by any means.

Owing to the cool weather there was not quite as many present as expected but everyone reports a good time just the same. The only trouble with a reception of this kind is that they do not come often enough.

THE TROLLEY BONUS.

The collectors for the three city banks were out again this morning rounding up the collections to the trolley bonus. They had fine success and the matter is almost closed up. Each bank now has but a few collections to make and they hope to finish tomorrow. Their collections are as follows: First National Bank, \$5,170; City National Bank, \$2,890; First State Bank, \$2,840. Total \$8,900.

NOTICE.

Sealed bids for the building of the city hall for the city of Bryan, according to plans and specifications now on file at the City Secretary's office, will be received up to 3 p. m. of the 18th day of October, 1909. The City Council of the City of Bryan reserves the right to reject any and all bids.
